EXPERIENCE

AI Research Engineer

May. 2026 – Present

MVNT Inc.

Seoul, South Korea

- Established template-based AI infrastructure for model training, evaluation, and management, including cloud-based training and serving environments on AWS and GCP
- Researched and developed physics-based motion imitation techniques using Isaac Sim to improve the physical plausibility of in-house motion capture data

AI Research Engineer

Aug. 2024 – Mar. 2026

Cinamon Inc.

Seoul, South Korea

- Developed generative motion models for CineV, a video generation service based on LLMs and Unreal Engine
- Implemented generative models for text-to-motion, motion refinement, stylization, in-betweening, and part-aware composition
- Optimized and served ML models using Triton, ONNX, and TorchServe, achieving 10x faster inference
- Modernized bottleneck-prone manual data workflows by building automated pipelines with custom Airflow timetables and Dagster orchestration, improving organization-wide operational efficiency
- Standardized data quality criteria across preprocessing pipelines, strengthening data reliability and organizational data governance

Intern Researcher

Sep. 2021 – Feb. 2022

Gwangju Institute of Science and Technology

Gwangju, South Korea

- Conducted data analysis on factors affecting user churn in online games

Teaching Assistant

Nov. 2020 – Nov. 2020

Korea Social Science Data Archive (KOSSDA)

Remote

- Served as a teaching assistant for the KOSSDA Research Methodology Workshop, Introduction to Statistical Analysis with R
- Assisted with hands-on sessions covering statistical analysis

Research Staff (Team Leader)

Feb. 2018 – Nov. 2018

Survey Research Center, Sungkyunkwan University

Seoul, South Korea

- Conducted face-to-face social survey interviews in the Seoul and Gyeonggi regions

EDUCATION

Gwangju Institute of Science and Technology (GIST)

Mar. 2022 – Feb. 2024

Master of Science in Integrated Technology (Graduate Program of Culture Technology)

Gwangju, South Korea

- Supervisor: Kyung-Joong Kim
- Cognition and Intelligence Lab
- Cumulative GPA: 4.25/4.5

Kyung-Hee University

Mar. 2017 – Aug. 2021

Bachelor of Arts in Sociology and Bachelor of Science in Applied Mathematics

Seoul, South Korea

- Cumulative GPA: 4.04/4.5

University of Turku

Aug. 2019 – Dec. 2019

Exchange Student Program, Mathematics

Turku, Finland

SELECTED PROJECTS

Visualize Music and Dance for the Hard-of-Hearing to Enjoy Music KOCCA	Mar. 2022 – Dec. 2023
- Developed a music-to-motion generation model based on VQ-VAE and diffusion models - Implemented the ‘Sign Dance’ generation system, incorporating sign language into dance - Preprocessed in-the-wild video into SMPL motion data using human pose estimation - Built a Korean sign language motion-text paired database of 35,000 frames - Press	
HCI + AI for Human-Centered Physical System Design GIST, MIT CSAIL	Mar. 2022 – May. 2024
- Developed real-time physical systems for estimating human pose from multi-view video and pressure-sensing data - Implemented a virtual assistant with a Transformer-based model to predict muscle EMG from pressure-sensing data	
Groovy Graph Pseudo Lab (Non-profit AI Research Organization)	Mar. 2022 – Jul. 2022
- Reviewed academic papers on graph neural networks weekly - Project Page Team Blog	

TECHNICAL SKILLS

Technical Skills: Python, PyTorch, Triton, ONNX, TorchServe, FastAPI, W&B, TensorBoard
Graphics Tools: Blender, Photoshop, Illustrator
Developer Tools: Git
Languages: Korean (Native), English (Fluent)

SELECTED HONORS

Best Game AI Jam Project	2022
<i>International Summer School on AI and Games</i>	<i>Chania, Greece</i>
Scholarship for Activities of International Affairs	2020
<i>Kyung-Hee University</i>	<i>Seoul, South Korea</i>
Dream Scholarship of Research	2019 – 2020
<i>Kyung-Hee University</i>	<i>Seoul, South Korea</i>
Scholarship for Professor-Tutor-Student Portfolio	2018 – 2019
<i>Kyung-Hee University</i>	<i>Seoul, South Korea</i>
Superior Scholarship	2017
<i>Kyung-Hee University</i>	<i>Seoul, South Korea</i>

CERTIFICATES & TEST SCORES

Survey Analyst , Junior (Sep. 2020)
OPIc , Intermediate High (Mar. 2026)
TOEIC , 905 (Oct. 2023)
TOEFL , 92 (Sep. 2018)
